## LAST MEETING IN DERIO!

The latest transnational project meeting of DICYTECH was held on 3 and 4 November in Derio, Spain. The meeting was hosted by the Spanish Coordinator Politeknika Txorierri. In anticipation of the final phase of the project, the partnership discussed the progresses of the work regarding:

- the Digital Training Course as the 1st Intellectual Output (IO1 – the “**DICYTECH Digital Training Course for students**”)
- the HUB hardware as part of the 2nd Intellectual Output (IO2 - the “**DICYTECH HUB of Cybersecurity Labs**”)
- the piloting phases of both the IOs and the preparation of the related **Pilot Guidelines and Questionnaires**

## SEMINAR ORGANISED BY POLITEKNIKA TXORIERRI

Politeknika Txorierri held a pilot launching seminar in the context of a bigger event organised by TKNIKA, the Basque Innovation centre, on Digitalisation and its applications in VET.

Politeknika Txorierri had the possibility to unveil and share the DICYTECH Training Course, the HUB of Virtual labs and a mini workshop on the DICYTECH Methodological approach for staff. The event aimed to encourage other teachers and centers to first pilot

the material with us and then embed it within their training programs for HVT and CVT. During the event also the Pilot Training Course, its structure and the methodology to be applied had been presented such as the attendees the Moodle platform used by the partnership for the training, the questionnaires and some of the cases.

## WORK IN PROGRESS!

To coordinate and facilitate consortium communication partners meet regularly online to discuss upcoming tasks to be completed, and to check up on already completed tasks. The last online meeting took place on January 27th where most of the technical issues regarding the setting up of the **HUB of Cybersecurity Virtual Labs** were addressed.

## WHAT WILL HAPPEN IN THE NEXT MONTHS?

Upon the piloting phase completed, partners will meet each other for the final meeting at the beginning of March in Milan. During the final meeting partners will discuss the results of the pilot processes, and will check on the improvements to be made to the project results. Arrangements will be made about the Final Impact Report.
